Section 105

Question:

Is it the intent of 489.103 to require utility employess to be regulated by the Florida Building Codes when working within their property performing upgrades to existing equipment or installing new equipment.

Notice:
The Building Officials Association of Florida, in cooperation with the Florida Building Commission, the Florida Department of Business & Professional Regulation, ICC, and industry and professional experts offer this interpretation of the Florida Building Code in the interest of consistency in their application statewide. This interpretation is informal, non-binding and subject to acceptance and approval by the local building official.
