

**Informal Interpretation Report
Number 2362**

Date May 11, 2025

Edition

Section 1606.2.5

Question:

Is it the intent of section 1606.2.5 to provide a design wind load for a component in an unenclosed space?

Notice:

The Building Officials Association of Florida, in cooperation with the Florida Building Commission, the Florida Department of Business & Professional Regulation, ICC, and industry and professional experts offer this interpretation of the Florida Building Code in the interest of consistency in their application statewide. This interpretation is informal, non-binding and subject to acceptance and approval by the local building official.
