Date April 13, 2010

Edition 2007

Section 423.1

Question:

Is it the intent of Florida Building Code - Building Section 423.1 to apply the State Requirements for Educational Facilities (SREF) to a charter school operated by and located on the campus of a state community college?

Answer

Yes. When charter schools are operated in conjunction with local school board districts, Florida Building Code - Building Section 423 and the State Requirements for Educational Facilities (SREF) are applicable.

Commentary:

The above listed FBC and SREF requirements do not apply to a privately run / operated education facility.

Notice:

The Building Officials Association of Florida, in cooperation with the Florida Building Commission, the Florida Department of Business & Professional Regulation, ICC, and industry and professional experts offer this interpretation of the Florida Building Code in the interest of consistency in their application statewide. This interpretation is informal, non-binding and subject to acceptance and approval by the local building official.
