Date September 22, 2026

Edition 2014

Section 101.7

Question:

Is it the intent of this code to allow only the requirements of ADA Standard 2010 to apply to corrections when there is a violation specific to the Federal Law and not to the Florida Accessibility Code? Does this exclude all of the other requirements of the current code in compliance measures for the Federal Law?

Notice:

The Building Officials Association of Florida, in cooperation with the Florida Building Commission, the Florida Department of Business & Professional Regulation, ICC, and industry and professional experts offer this interpretation of the Florida Building Code in the interest of consistency in their application statewide. This interpretation is informal, non-binding and subject to acceptance and approval by the local building official.
