

**Informal Interpretation Report
Number 7805**

Date September 22, 2026

Edition 2014

Section 602.3.2

Question:

Is it the intent of the 5th Edition of the FBC Residential code to delete the requirement for overlapping the top plates at the exterior corners of wood framed walls?

Notice:

The Building Officials Association of Florida, in cooperation with the Florida Building Commission, the Florida Department of Business & Professional Regulation, ICC, and industry and professional experts offer this interpretation of the Florida Building Code in the interest of consistency in their application statewide. This interpretation is informal, non-binding and subject to acceptance and approval by the local building official.
