

**Informal Interpretation Report
Number 8374**

Date September 22, 2026

Edition 2017

Section SECTION R316 FOAM PLASTIC

Question:

Is it the intent of Section R316.4 that an approved Thermal Barrier material such as DC315 can be used to separate foam plastic insulation from the interior of a garage and also meet the requirements of R302.6 (Dwelling-garage fire separation) when applied to the garage side as listed on Table R302.6?

Notice:

The Building Officials Association of Florida, in cooperation with the Florida Building Commission, the Florida Department of Business & Professional Regulation, ICC, and industry and professional experts offer this interpretation of the Florida Building Code in the interest of consistency in their application statewide. This interpretation is informal, non-binding and subject to acceptance and approval by the local building official.
